From the Director

In the past, summer terms on university campuses were regarded as appendages to the regular academic year. This image is rapidly changing.

At Memphis State, it is believed that in such a change the American spirit of lifelong learning is becoming a reality. June, July, and August provide no cause to interrupt the year-long learning essay.

Though the temperature goes up in June, July, and August, the academic environment at Memphis State takes no holiday. The "Open For Instruction" sign hangs on the doors of all four undergraduate colleges as well as The Graduate School and The School of Law. Research projects flourish and instructional experiments invariably find the climate suitable in tooling up for the increased tempo of educational progress. A comprehensive teaching format provides continuity for the persisting student who wishes to accelerate his degree program. For those whose educational needs or personal schedules are not compatible with other terms, the intensive nature and brevity of summer courses allows for convenience of learning. Along with teaching and research, the public service function thrives during the summer months in its several offerings which provide less formal educational experiences for the new American leisure.

Based on the premise that the opportunity for higher education should be made available to an ever-increasing public over an extended life span, Memphis State University in June, July, and August makes its contribution to the great growth industry—education.

Goals of the University.

Memphis State has as its goal an educational program compounded of those three elements traditionally associated with institutions of higher learning: teaching, research, and public service. The primary purpose of the University is to provide experience through which students may attain a high degree of intellectual maturity, social stability, and professional competence.

Organization of the University.

Memphis State University is comprised of four undergraduate colleges, The Graduate School, The School of Law, and The Division of Continuing Studies. Undergraduate colleges are The College of Arts and Sciences, The College of Business Administration, The College of Education, and The Herff College of Engineering. The Division of Continuing Studies administers The Summer Session.

The government of the University is vested in the State Board of Education. The chief administrative officer of the University is the President.

Degrees Offered.

Degrees conferred by Memphis State University are the Bachelor of Arts, the Bachelor of Science, the Bachelor of Science in Chemistry, the Bachelor of Fine Arts, the Bachelor of Music, and the Bachelor of Science in Medical Technology, all in The College of Arts and Sciences. The College of Business Administration offers the Bachelor of Business Administration degree, and The College of Education confers the Bachelor of Science in Education. Degrees offered by The Herff College of Engineering are the Bachelor of Arts in Applied Science, the Bachelor of Engineering, and the Bachelor of Science in Industrial Technology.

The Graduate School awards the Doctor of Philosophy, the Doctor of Education, the Master of Arts, the Master of Science, the Master of Business Administration, and the Master of Science Teaching.

The School of Law confers the Juris Doctor degree.

Accreditation of the University.

Memphis State is fully accredited by The Southern Association of Colleges and Secondary Schools and is a member of The Association of American Colleges, The Tennessee College Association, The American Association of Colleges for Teacher Education, and The American Council on Education. The College of Education is accredited by The National Council for Accreditation of Teacher Education, and The School of Law is on the approved list of the American Bar Association.

1968 Summer Service Programs

A PROGRAM OF PLAYS will be presented during The Summer Session by the Department of Speech and Drama. Titles and dates of the productions will be announced later.

AN ART FOR CHILDREN WORKSHOP, open to children six through twelve years, will begin June 1 and continue for six Saturdays. Sponsored by the Department of Art, the workshop will be held from 10:30-noon on the third floor of Jones Hall.

DISTRIBUTIVE EDUCATION WORKSHOPS, sponsored jointly by the Department of Distributive Education and the Tennessee State Department of Vocational Technical Education, will be held in June, July, and August. From June 17-28, a workshop on "Coordinating the Cooperative Vocational Programs" is scheduled. "Organizing and Teaching Adult D.E." is the theme of the July 1-12 workshop. From August 5-16, two workshops are planned, "Organization and Operation of High School D.E.", and the "Principles and Philosophy of Vocational Education." Time of all four workshops is 10 a.m. to 3 p.m.

The ENGLISH COMPOSITION LABORATORY, a non-credit course offered by the Department of English, will be August 19-September 6. This laboratory is designed to provide Memphis State students with a concentrated review of writing fundamentals.

LEADERSHIP FOR THE 70s WORKSHOP, sponsored by the Department of Elementary Education, is scheduled June 10-July 12. Participants may register for all or for one week of this workshop. A particular topic will be featured each week. Topics will include change process, programs for educationally disadvantaged pupils, improving instructional programs, promoting public school kindergartens, and promoting staff development.

MIME WORKSHOP, presented the First Term of The Summer Session, will feature noted international pantomimist Yass Hakoshima, who will teach classes, conduct the workshop, and present public recitals on the art of mime. Sponsor is the Department of Speech and Drama.

NATIONAL SCIENCE FOUNDATION supported summer studies in chemistry will consist of two semesters of physical chemistry. Subject is "Summer Studies in Chemistry of College Juniors Regularly Matriculated at General Ill-Equipped Colleges in the Mid-South." The program will consist of 6 one-hour lectures per week and 2 three-hour laboratories per week.

The NATIONAL TEACHERS EXAMINATION, under the direction of Dr. E. F. Nothorn of the Department of Secondary Education, will be given July 6, 1968.

The NDEA INSTITUTE FOR ADVANCED STUDY IN LANGUAGE AND COMPOSITION FOR TEACHERS, grades 7-12, is June 3-July 12. This

Institute is administered by the U.S. Office of Education and sponsored by the Department of Secondary Education.

READING CONFERENCE is a three-day non-credit professional conference on reading for classroom teachers, developmental, corrective and remedial reading teachers, consultants and supervisors in language arts and reading, curriculum directors and administrators. Sponsored by the Reading Center of The College of Education, the conference will examine the topic, "That All May Learn To Read." Three nationally recognized authorities will keynote the general sessions June 3-5. Programs, practices, and materials for developing reading will be considered for all educational levels.

A **SPEECH INSTITUTE**, sponsored by the Department of Speech and Drama, will be June 8-29. The Institute is designed for high school students and will be devoted to intensive study of theatre and drama, competitive speaking events, and radio and television. The **SPRING INTERSESSION** May 27-June 7, will offer Education courses in School Administration for teachers and administrators. Hours are 4-6 p.m. and 7-9 p.m. The Department of Educational Administration and Supervision is the sponsor.

The **SUMMER POST SESSION**, August 19-30, will feature workshops in the administration of guidance services for undergraduate and graduate students and the fundamentals of curriculum development for graduate students.

THIRTY-SIX DAYS IN EUROPE, conducted by Professor Charles Allgood of the Department of Art, will be July 15-August 19.

WORKSHOP IN COOPERATIVE OFFICE PRACTICE will be offered by the Department of Business Education and Office Management July 15-26.

WORKSHOP FOR ELEMENTARY SCHOOL PERSONNEL, sponsored by the Department of Elementary Education, is scheduled June 17-July 5.

WORKSHOP FOR ELEMENTARY TEACHERS, open to any elementary teacher desiring to improve his competency in teaching physical education to the elementary student, will be held June 17-July 5. Sponsor is the Department of Health, Physical Education, and Recreation.

WORKSHOP IN MACHINE SHORTHAND will be offered June 10-21 by the Department of Business Education and Office Management.

WORKSHOP IN MATERIALS AND METHODS IN TEACHING HIGH SCHOOL HOME ECONOMICS, sponsored by the Department of Home Economics, will be presented daily from 10 a.m. to 1 p.m. June 10-27.

WORKSHOP FOR TEACHING PERCEPTUALLY HANDICAPPED CHILDREN is July 15-August 2. The Department of Special Education is the sponsor.

Admission Procedures

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized.

New Applicants.

Application blanks and detailed instructions concerning admission procedures and regulations may be obtained from the offices outlined below:

Undergraduate Student—Office of the Dean of Admissions and Records.

Graduate Students—Office of the Dean of The Graduate School.

Adult Special Students—Office of the Director of The Division of Continuing Studies.

Former Students.

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the Spring semester. Undergraduate or graduate former students desiring to be readmitted may obtain application for readmission and other information from the Records Office or from the Evening Division Office.

NOTE: There will be one registration for The Summer Session. Students planning to attend the second term only should complete registration at the beginning of The Summer Session in order to insure reservation of space in second term classes. See Page 11 for further information.

Registration Procedures

At Memphis State University, the registration process is composed of the basic steps outlined below. After the outline, each step is explained in detail.

- (1) Consulting with faculty adviser.
- (2) Obtaining registration materials.
- (3) Securing class cards and paying fees.
- (4) Changing enrollment status.
 - (a) Add, drop procedures.
 - (b) Withdrawal procedure.
 - (c) Change of college, major, or adviser.
 - (d) Change of name or address.

Consulting With Faculty Adviser.

To begin the registration process, all students must see their faculty adviser to obtain the "Student Schedule" form and secure the adviser's approval of their intended schedule. More specific instructions are as follows:

Current Students.

Current students may obtain "Student Schedule" forms and consult with their advisers anytime during the term unless specific periods are established by the dean of the college.

New Students.

Freshmen and permanent transfer students seeking degrees at MSU must attend an orientation session at 8:00 A.M., Thursday, June 6, 1968, in the Administration Building Auditorium. In this session, information concerning assignment to advisers and the registration process will be given.

Special students here for the summer only and not seeking a degree at Memphis State must attend an orientation session at 1:00 P.M., Thursday, June 6, 1968, in the Administration Building Auditorium.

New Students (Evening Division).

New students enrolling in the Evening Division must attend the orientation session to be held at 6:00 P.M., Wednesday, June 5, in the Administration Building Auditorium.

Readmitted Students.

Students readmitted to the University for The Summer Session will report to those faculty members who advised them in the past. If a change in adviser is required, readmitted students should apply to the dean of the college in which they plan to enroll for assignment to an adviser.

Obtaining Registration Materials.

The second major step in the registration process is obtaining registration materials. Registration materials consist of four basic elements: (1) a green and white paper form entitled "Student Information Form" (2) a punched card entitled "Registration Appointment Card" (3) a punched card entitled "Student Fee Card" and (4) a permanent ID card. Registration materials may be obtained as follows:

Current Students.

Registration materials will be mailed to the permanent address of all students currently enrolled—with the exception of those students having outstanding financial obligations at the time registration materials are prepared.

New and Readmitted Students.

New and readmitted students who have cleared *all* of their admission requirements at the time registration materials are prepared will receive their materials by mail. Students not

clearing in time to receive their materials by mail will be given a chance to obtain materials before the actual day of registration and will receive instructions on how to accomplish this.

ID Card

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, AND SPECIAL STUDENTS. New students will be given information on ID cards in their orientation sessions. Current students who have lost their card may obtain a replacement by paying the replacement fee of \$10.00.

Securing Class Cards And Paying Fees.

Students having their "Student Schedule" form approved, their permanent ID card made, and their registration materials, are then prepared to enter the Registration Center to obtain class reservation cards and to pay fees. There are four important points to remember about this step in the registration process:

- (1) **Registration appointment times**—Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority at Memphis State University is based on cumulative hours earned. For a complete statement of policy on registration priority, see Page 14.
- (2) **Single registration for The Summer Session**—There will be a single registration for the entire summer session of 1968. During the registration of June 6 and 7, students will register for all courses which they plan to take during either of the two summer terms. On Monday, July 15, a change-of-course center will be set up to process adds and drops for any student needing to make a change in his original schedule.

NOTE: It is recognized that some students planning to attend the second term only will not be able to register until the beginning of that term on Monday, July 15. While provision will be made to see that the student does get registered, he is encouraged to register at the beginning of The Summer Session in order to insure space in classes.

- (3) **Schedule conflict**—Each student is responsible for preventing conflicts in the scheduling of his classes. Students

should check each class card which they are issued to insure that the course number, section, and credit agree with what they requested. The change-of-course fee will apply to any class schedule revision.

- (4) **Payment of fees**—Registration is not completed until fees are paid. Since there will be no deferment of fee payment, students should not enter the Registration Center unless they are prepared to pay fees. Graduate assistants and students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations should stop at the "Scholarship and Student Aid" table in the fee assessment line.

Fees for The Summer Session are:

	<u>Resident</u>	<u>Non-Resident</u>
Full Session	\$80.00	\$205.00
Semester Hour	\$11.50	\$ 28.50

Changing Enrollment Status.

Once the student has completed his initial enrollment, he may find it necessary to change his enrollment status. Comments below outline those procedures to be followed in changing enrollment status:

Add/Drop Procedures.

After a student's registration is complete, he may—within specified time limits—change his class schedule through the process of adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE FACULTY ADVISER (WITH DEAN OF COLLEGE FOR SUMMER TRANSIENT STUDENTS). Time limits for add/drop are outlined in The Summer Session Calendar on Page 2. A fee of \$3.00 will be assessed for each course which is added or dropped. NO CHANGE OF COURSE IS PROCESSED UNTIL THE FEE HAS BEEN PAID.

Withdrawal Procedures.

Students may withdraw from the University by notifying the appropriate University official in person or in writing:

- (1) Undergraduate students—Notify Dr. Jess Parrish, Dean of Students.
- (2) Evening Division Students—Notify Dr. William A. Brotherton, Director of The Division of Continuing Studies.
- (3) Graduate Students—Notify Dr. John Richardson, Dean of The Graduate School.

Time limits for withdrawals are stated in the Session Calendar on Page 2.

Important.

A student who enrolls for courses during both terms of The Summer Session and who later decides not to attend the second term must withdraw from the second term. Withdrawal is not automatic and failure to withdraw under these circumstances will result in grades of "F" being awarded.

Change of College, Major or Adviser.

Undergraduate students may change college, major, or adviser by making application to the College in which they are currently enrolled. This change may be processed prior to registration or after the drop period has ended. Once a student has registered in a particular college, he may not change colleges until the drop period has ended.

Change of Name, Address, or Social Security Number.

It is imperative that the student keep his name and address current on University Records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration materials. However, in order to change social security number or name, the student must come to the Records Office in the Administration Building. Change of name may be processed only upon presentation of a marriage certificate or other official court document showing the basis for the change. **THE DOCUMENT IS NOT RETAINED BY THE RECORDS OFFICE.** Changes of address made anytime after the period of six weeks prior to the end of a term will not become effective until the following term. Students who change their address should leave a forwarding address with the post office so that all University mail will reach them at the new address.

Examinations And Grade Reports.**Final Examinations.**

During The Summer Session, final examinations are given on the day indicated in the calendar at the regularly scheduled meeting of the class. Each examination is ninety minutes in length and attendance is compulsory. Absence from a final examination without the permission of the instructor incurs a grade of "F."

Grade Reports.

Reports of grades for The Summer Session are not mailed out until the entire Summer Session is over. The grade report received at the end of the summer includes grades earned during both terms of The Summer Session.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADES EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY PHONE.

Registration Priority

Since it is impossible to register all students of the University at the same time, it is obviously necessary to establish some priority in the assignment of registration times. At Memphis State University, registration priority, and the registration appointment time appearing on registration materials, is based on the number of cumulative hours *earned*. This policy is based on the rationale that those students closest to the degree have the most critical need for choice of courses. The policy also has a pragmatic base since no other criterion of assignment seems to be as equitable and as easily administered.

It is recognized that a large number of students work. In fact, the majority of University students work. However, registration priority, and associated registration appointment times, cannot be based on the need to work precisely because such a large number of students do work. No practical or equitable way exists, therefore, to administer a priority system based on the criterion of a student having to work.

In the fall and spring, registration materials must be prepared before the end of these terms. Therefore, appointment times for the spring and summer terms must be based on cumulative hours earned at the *beginning* of the fall and spring terms rather than at the end.

Although the University is desirous of assisting summer transient students in obtaining the best possible program, a first obligation is recognized to native students continuing their program in the summer. Summer transient students will therefore be awarded registration appointments on the same basis as a beginning student.

FIRST TERM

The College of Arts and Sciences

Office: Room 217, Administration Building
Dr. Walter R. Smith, Dean

The primary function of The College of Arts and Sciences is to offer a strong liberal arts program designed to help the student prepare himself for life in his own cultural setting by acquiring the means and the desire to enlarge his intellect and deepen his insights. The program of liberal studies at Memphis State University aims to provide the student with a store of factual knowledge; to introduce him to varying sets of principles; to stimulate him to think about and to evaluate these facts and principles and to encourage him to order his own affairs and those of his society with the talent, insight and discrimination which he develops.

The College of Business Administration

Dr. H. J. Markle, Dean

Office: Room 100, The College of Business Administration

The function of The College of Business Administration is to provide the basic education necessary to prepare a person to enter the profession of business. A significant characteristic of the college is that it provides for concentration in the basic areas of economics and business, not as a substitute for, but as a part of a broad liberal education. From 40 to 60 percent of the course work taken for the Bachelor of Business Administration degree is taken in such areas as the humanities, the natural and physical sciences, and the social sciences.

The Herff College of Engineering

Dr. F. H. Kellogg, Dean

Office: Room 215, The College of Education Building

The three basic fields of civil, electrical, and mechanical engineering are offered at the undergraduate level leading to two degrees: the Bachelor of Arts in Applied Science, a four-year curriculum, and the Bachelor of Engineering, a five-year curriculum. The liberal arts program is intended for those students who wish to prepare themselves for possible careers involving executive work, travel or research, or who wish to secure a broad general preparation. The technical program is for students who have completed three years or more of a single language in high school or students who wish to prepare for the purely technical work of the engineer.
